

## End of Summer Sale

- Limited quantities & selection available (as per below list)
- In stock equipment only
- Contact PR Aqua for details at [info@pragua.com](mailto:info@pragua.com)
- Some conditions apply

Line #	Equipment Category	Description	Brand / Manufacturer	Unit of measure	Quantity	Unit List Price US\$	Unit/Lot Discounted Price US\$
3	Biofiltration	PE02 Media, bioreactor, HDPE, Specific Surface Area > 900m2/m3 (274ft2/ft3), Virgin PE (QTY in m3)	Tongxiang Small Boss	cubic meter	109	\$687.50	\$343.75
5	Culture Tank Oxygenation	540m SOLVOX B oxygen diffuser hose, including hose guide/hold downs. <b>SOLD AS LOT ONLY</b>	Linde	Lot	540	\$119.26	\$32,200.20
6	Filtration	Hydrotech HDF802-1A Drum filter, frame style, 316SS, 40µm screens, with: self-cleaning ceramic spray nozzle, 316SS hatches, 6" piped inlet, level control basin, splash protection, level probe, spare parts kit & manual. Includes backwash pump, plumbing kit & control panel. Power: 480V-3ph-60Hz. Maximum flow rate: 729gpm at 25mg/L TSS	Hydrotech	each	2	\$19,684.00	\$9,842.00
7	Filtration	Hydrotech HDF1203-1A Drum filter, frame style, 304SS, 40µm screens, with; self-cleaning ceramic spray nozzle, 316SS hatches, 10" piped inlet, level control basin w/ splash protection, level probe, spare parts kit & manual. Includes backwash pump, plumbing kit & control panel. Power: 480V-3ph-60Hz. Maximum flow rate: 1,648gpm at 25mg/L TSS	Hydrotech	each	2	\$25,335.00	\$12,667.50
14	Process Air	Kaeser DB236C Positive Displacement Blower, 25HP, 208-230-460V, 3Phase, includes sound enclosure, check valve, temperature gauge switch, pressure gauge, inlet filter differential gauge and switch, safety relief valve, 115V/1ph cooling fan	Kaeser	each	5	\$42,735.00	\$21,367.50
15	Pumping	Lykkegaard PR200/200-5 Pump, single-stage, horizontal inline mixed flow propeller, DN200 discharge flange, epoxy coated pump housing, duplex propeller, duplex steel shaft, 5kW, 460V, 60Hz, inverter duty, TEFC. Flow: 951gpm at 2.1mWc	Lykkegaard	each	2	\$24,800.00	\$12,400.00
16	Pumping	Lykkegaard PR300/400-9/1 Pump, vertical mixed flow propeller, DN400 discharge flange, duplex propeller, epoxy coated pump housing, duplex steel shaft, epoxy coated steel motor support plate, 18.5kW, 460V, 60Hz, inverter duty, TEFC. Flow: 2,219gpm at 4.5mWc. Includes DN400 to 16" ANSI/ASME flange adapter.	Lykkegaard	each	4	\$43,928.00	\$21,964.00

**Please note the following:**

1. Equipment is available on a first come, first served basis for immediate delivery.
2. Prices are in US dollars.
3. Equipment is sold as is with remainder of manufacturers warranty
4. Items "sold as lot only" can not be broken down into smaller quantities
5. Prices do not including shipping charges from storage location in mid-west USA
6. Prices do not include applicable sales taxes
7. Payment Terms: Pre-pay.
